DOB : 24/12/2004

Course	College/University	Year	CGPA/%
B.TECH in Computer Science & Engineering	Quantum University	2023-27	7.53 CGPA
Intermediate/+2 (CBSE)	D.A.V Public School	2023	77.2 %
High School (CBSE)	D.A.V Public School	2021	82.2 %

TECHNICAL SKILLS

- **Programming Languages:** Python, SQL
- **Tools & Databases:** MySQL, Jupyter Notebook, VS Code, Git, GitHub
- **Data Visualization & Libraries:** Microsoft Excel, Power BI, Tableau, Pandas, NumPy, Matplotlib, Seaborn

AREAS OF INTEREST

- Data Analysis | Business Intelligence | EDA | Predictive Analytics | Data Visualization | Reporting & KPI Analysis

KEY PROJECTS

- **Online Blood Donation Management Portal** (*Capstone-Project*) (Aug'26-Sep'26)
 - **Technologies:** HTML, CSS, JavaScript, Bootstrap, PHP, MySQL, XAMPP, Visual Studio Code, Git
 - Developed a full-stack web application to streamline blood donation and emergency blood request management.
 - The system enables donor registration, blood group and location-based donor search, blood request submission, and an admin dashboard for managing donors, users, and requests.
 - Implemented secure user authentication, CRUD operations, and MySQL database integration to ensure efficient and reliable data management.
- **Sales Analytics Dashboard** (*Self-Project*) (April'26)
 - **Tools:** SQL, Python (Pandas), Power BI, Excel
 - Cleaned and analyzed 50,000+ retail sales records using SQL and Python.
 - Developed an interactive Power BI dashboard to monitor sales, profit, customer trends, and regional performance.
 - Created KPIs including Total Sales, Profit Margin, Average Order Value, and Customer Retention.
 - Identified top-performing products and regions through exploratory data analysis, enabling data-driven business insights..
- **HR Analytics – Employee Attrition Analysis** (*Self-Project*) (June'26)
 - **Tools:** Python, SQL, Power BI, Scikit-learn
 - Performed exploratory data analysis on employee data to identify factors influencing attrition.
 - Built visual dashboards highlighting attrition trends by department, age, salary, and job role.
 - Developed a predictive machine learning model to estimate employee attrition risk.
 - Presented actionable recommendations to improve employee retention based on analytical findings.
- **E-commerce Customer Segmentation** (*Self-Project*) (July'26-Present)
 - **Tools:** Python, SQL, Power BI, Scikit-learn
 - Processed and analyzed customer transaction data using SQL and Python.
 - Conducted RFM (Recency, Frequency, Monetary) analysis to evaluate customer behavior.
 - Applied K-Means clustering to segment customers into distinct groups for targeted marketing.
 - Designed an interactive Power BI dashboard to visualize customer segments and key business metrics.

RESEARCH PUBLICATIONS

- **AI System For Monitoring Mental Health From Text"** Published in IJWOS, Vol. 02, Issue 12, December 2025. DOI:10.71366
ISSN: 3049-2424
- **Congestion Control Techniques in Computer Networks"** Published in IJEDR, Vol. 13, Issue 3, July 2025.
ISSN: 2321-9939

INTERNSHIPS & EXPERIENCE

- **Python Programming Intern | CodTech IT Solutions Pvt Ltd** (July'24-Aug'24) (Remote)
 - Basic Chatbot
 - Built a basic Python chatbot using rule-based logic to process user queries and provide predefined responses, demonstrating fundamentals of natural language interaction.
- **Data Analytics Intern | SaiKet System** (July'25-Aug'25) (Remote)
 - Customer Segmentation Visualization & Advanced Analysis
 - The project aims to analyze customer churn in a telecommunications company and develop predictive models to identify at-risk customers. The ultimate goal is to provide actionable insights and recommendations to reduce churn and improve customer retention.

POSITIONS OF RESPONSIBILITY

- **Research Assistant** | *Department of Computer Science, Quantum University* (July'25-Dec'25)
 - Assisted in publishing the paper "Congestion Control Techniques in Computer Networks" in IJEDR, Vol. 13, Issue 3.
 - Assisted in publishing the paper "AI System For Monitoring Mental Health From Text" in IJWOS, Vol. 2, Issue 12.
